Re: Testimonial

To Whom It May Concern,

I am a boat detailing service in Indiana. My business started out good for me. I bought my first truck and trailer out of pocket and business began growing. I decided to expand the business and borrowed money from a couple lending sources to put another unit on the road. Expansion did not go as planned. I could not find dependable employees. Sales could not keep both units on the road full time. I had created more bills. I fell behind on all my liabilities. My phone was ringing off the hook with harassing phone calls from personal to business debt. I said I have to do something because it was getting unmanageable.

Like a god send I was contacted by Corporate Turnaround. They explained how they could help me take control on my debt load. I talked to Anthony [REDACTED] and provided him with the information about my debt, CT and Anthony did the rest. I was able to focus on my business and generate revenue.

After a year and half, my business is out of debt and my business is growing. I cannot thank Anthony and his Team enough. I could not have done it without them

Thanks Anthony,

[REDACTED]

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. Debts may increase until a resolution is reached. Until a debt is resolved, creditors may continue with their collection efforts, including phone calls and legal action. CT does not provide any legal services or legal advice. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers, and others may be resolved later on.
