

COMEBACK STORY OF THE MONTH

To whom it may concern:

Corporate Turnaround (CT) in particular, our Client Advocate Adam [REDACTED] assisted us through some very difficult times with our creditors, especially throughout this COVID 19 pandemic. CT provided us with a plan, negotiated new payment terms with our creditors, terms that we could work with and supported and guided us throughout this process.

With Adams help, the preparation was thorough so were able to anticipate events before they occurred, there were no big surprises.

I would recommend Corporate Turnaround to any business or business owner in need of help with creditors.

Thank you very much for all that you have done, we greatly appreciated your help.

Sincerely,

[REDACTED]
President

Your company's results may vary. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers and others may be resolved later on, with settlements ranging from pennies on a dollar to payment in full. Until a debt is resolved, creditors may continue with their collection efforts, including phone calls and legal action. CT does not provide any legal services. Each restructuring has a unique combination of factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results.
