To whom it may concern:

I wanted to take this opportunity to **SINCERELY THANK** the fine working professionals from Corporate Turnaround for helping me out of one of the worst financial binds of my professional career.

I own and operate a small commercial cleaning company that fell on some tough times over the past few years. The economy falling apart was the main reason as I lost a major customer as a result. Increased prices of goods and services not to mention maintenance costs put me deep in the hole as well. A sizable pay cut and the use of all of my personal savings could not remedy the situation either. I was running out of options when I heard about a company in NJ that could help me.

In December 2005 I contracted Corporate Turnaround for their debt restructuring services and couldn't be happier with the results. Their approach is unique and showed tremendous results. After submitting 9 creditors that totaled over \$93k, I was out of debt for roughly \$58,596—which included CT's fees. I saved over \$35k when all was said and done and am ecstatic. They did everything they said they would and then some.

I would like to specifically thank **[redacted]** for all of his hard work and dedication over the years. He was really my rock and helped me understand exactly what was going on. Thanks for everything **[redacted]**!

I would also like to thank the rest of the team at CT that secured the settlements: **[redacted]**. I wouldn't be here without you guys. Thanks again

I would recommend CT to any business looking to get out of debt. They are as good as it gets!

Sincerely, **[redacted]**
