Dear Corporate Turnaround,

This is just a short note to thank the entire staff of Corporate Turnaround and especially [REDACTED]; our client advocate. Four years ago we contacted Corporate Turnaround because our Company was on the verge of closing its doors. We had a robust company with a nice cash flow when almost overnight the cash and business slowed almost to a stop with the public fear of a depression. Our company fell short of meeting our obligations. We had lawsuit threats and vendors refusing to sell us needed parts and materials to stay in business; even in cash transactions. We were basically dead in the water. Nothing left to do but file bankruptcy and close the doors. I can't remember now how I found corporate turnaround, maybe online or a referral but I did and [REDACTED] immediately assured me he could help save my company. Corporate Turnaround negotiated with my creditors and developed a payment program that we could handle and allowed us to continue to buy parts and materials. We are now at the end of our obligation and we are coming through stronger and very lean and poised to really grow our company. We survived our country's worst depression in history and still paid off a huge debt. Our 42 year old company will live on because of Corporate Turnaround. Please feel free to show this letter to any struggling business owner that are wanting to stay in business and please have them call me if they doubt the abilities of the team at Corporate Turnaround.
