

Dearest Adam-

Where do I begin?!?!? I still feel like someone should pinch me because I feel like I am dreaming! I can't believe I am here writing this letter when I had so little confidence 5 years ago that we would get out of this with my business intact. Thank you so much!!!!

Back in 2010, I was about to throw the towel in. With the unemployment rate so high, less and less people were putting their children in child care since they simply couldn't afford it. I cut just about every cost that I could, and was pretty much out of options. I just couldn't keep up with the monthly bills. On a personal level, my father was diagnosed with cancer which threw my world upside down. Traveling back and forth to Tampa for his cancer treatments was a very difficult time for me and the business. My father ultimately passed away in October of 2010 making things even worse.

A friend of mine that ran a Language Learning Center referred me to Corporate Turnaround and promised me that CT could help. My friend had been in a similar situation a few years prior and CT helped save her business. I was hopeful they could do the same for me.

Raffi [REDACTED] was the salesman I spoke with about the program at first. He was very knowledgeable and helped confirmed my feeling that I needed the help CT could provide. I signed up in December of 2010 and was hooked up with Client Advocate Adam [REDACTED]. Adam was a life saver as he handled my account day to day for the next 5 years till we completed the program debt free in November of 2015. CT managed to save me over \$207K on the \$262k in debt I was in. It was nothing short of amazing!

I can't thank Adam, Raffi, all the unsung hero's at CT, and my friend who referred me enough as if not for them, I would have certainly closed my doors in 2011 most definitely. CT is here to help, and if you are a struggling business that wants to get out of debt, let the professionals at CT guide you back on top and take back control of your business again.

THANK YOU!!

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers, and others may be resolved later on. Settlement offers range from pennies on the dollar to payment in full. There is no guarantee of savings. Consult with a licensed attorney regarding the applicability of bankruptcy.
