To Whom It May Concern:

I wanted to take this opportunity to THANK the fine people at Corporate Turnaround for a job well done. I never would have been able to pay off all of my business credit card debt without their help. Thank you so much.

I was on the internet one night in February 2012 searching for HELP. My credit card debt was getting out of control and I could no longer afford to kick the can down the road. Each month I paid them, each month my balance basically went no where. Something had to change. I found CT and decided to reach out to them through their website. Scott [REDACTED] from their sales department contacted me the next day and explained the program. It sounded like a good fit so we signed up right away. Scott set me up with Adam [REDACTED] and Adam's team went to work on these debts right away.

3+ years later and I am DEBT FREE. I can't believe it. CT somehow negotiated my 5 credit cards owed 40,881.60 down to \$19,313.32! I saved more than ½ of my debt and paid them on my terms. It seemed like a miracle. I still cant believe it.

CT is the real deal and I would highly recommend them for any debt problems your business may have. Get on board now before it is too late!

Thanks again guys

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers, and others may be resolved later on. Debts may increase until a resolution is reached. Settlement offers range from pennies on the dollar to payment in full. There is no guarantee of savings.
